(i) Institutional set-up for liquidity risk management:

Board of Directors through board approved committees of directors and management committees, keep an effective oversight on the risks associated with the company including liquidity risk. Organisation structure for liquidity risk management is as mentioned below.

- Risk Management Committee
- Committee of Directors
- Asset Liability Committee (ALCO)
- Investment Committee
- ALCO Subcommittee

The Company has a robust ALCO process and ALCO, Investment committee and ALCO Subcommittee meet every month to evaluate external market environment, liquidity position and near term liquidity requirement factoring in business growth estimates. The committee also oversees the liquidity position based on different stress scenarios and reviews the structural and dynamic liquidity statement and interest rate sensitivity statements. Minutes of ALCO and investment committee are also placed to Board of Directors. The Committee of Directors meet every quarter to review/oversee Asset liability management. Risk management committee also meets quarterly to review various risks inherent under company's operations such as credit risk, interest rate risk, operational risk and liquidity risk etc.

***Notes:**
